

## **Providing access to key UK vocational education agencies and providers**

TVET UK is the UK partnership of technical and vocational education suppliers that works together to:

- provide an optimum integrated service for international clients
- recruit international students to a wide range of courses offered by UK colleges and training providers
- deliver UK qualifications overseas
- develop strategic global partnerships

## **Our members**

TVET UK members include UK vocational education and training national agencies, sector skills councils and awarding bodies, together with colleges, vocational schools, work based and private training providers and educational equipment and materials supply companies that meet the TVET UK quality threshold criteria.

## **What we offer international clients**

TVET UK offers a full range of technical and vocational education and training and equipment products and services, including consultancy, curriculum design, equipment, software, e-learning solutions, bespoke training, internationally recognised qualifications, support for the development of local qualifications frameworks, quality improvement systems and English Language training.

Our members can manage and deliver large-scale international tenders and contracts, whether in support of European Funded, Aid Funded or national and regional strategy projects.

## **What we offer UK suppliers / providers**

TVET UK brings together UK suppliers under a single brand to enable them to compete more effectively for international tenders and contracts through collaboration and to provide a channel through which they can promote their skills and experience to international customers.
